Dian – with regard to the Q & As, have you looked at the “link” in the OneDrive”. If so, what additional comments are you attempting to receive?

Subject: RE: Process for announcing final registration decision

Hi Dian,

Sorry for the delay.

For aldicarb, I think I will need Marion to chime in if it has been determined who will sign the decision memo – maybe Marietta or higher?

The registration notices (labels) will likely move forward with either Marion or Shanta's signature.

Tolerances for aldicarb are already established for oranges and grapefruit, so there is no NOF or Final Rule associated with these actions.

Debra

Subject: Process for announcing final registration decision

Importance: High

Hi,

I'm showing my ignorance. Are there FRNs for aldicarb and streptomycin? Does anything need to go through Angela Hoffman's shop?

Who signs the final registrations? (I'm going to have to compile a flowchart for each type of action so I know these things.)

There's a comms meeting at 2, and I need the answer by then, if possible.
